

Discover how **CSAN**[®] (PrCLOZARIL[®] Support and Assistance Network) has been supporting patient and healthcare teams' experiences for **OVER 30 YEARS**¹

When you choose to prescribe CLOZARIL[®]

Your patients are taken care of right from the start of their treatment journey by **CSAN**[®], your support and assistance network.

CLOZARIL[®] (clozapine) tablet is indicated in the management of symptoms of treatment-resistant schizophrenia.²

PATIENT SUPPORT PROGRAM

Offering tailored services supported by a team of experts

- Supporting you **24/7/365** (even on statutory holidays) with any required assistance – including use of the CSAN Patient Care Portal[®]
- Access to **bilingual specialty consultants** who can help guide a customized course of action throughout each patient's CLOZARIL[®] treatment journey:
 - Psychiatrists, cardiologists, registered nurse educators, a hematologist, and a nutritionist
- CSAN[®] Pronto[®], a **capillary point-of-care device**, is integrated within CSAN[®] to facilitate mandatory bloodwork requirements
- And much more to discover
